

CANCELLATION NOTICE

LF 381, NTF Problem/Failure Report System (Jun. 1999)

Cancelled effective 10-17-08.

LF 381, NTF Problem/Failure Report System (Jun. 1999), was the tool use to track failures at the National Transonic Facility. Because the Rome Problem Reporting and Corrective Action (PRACA) system is now used for this function, this form is not utilized and is officially cancelled.
